We have received notification that you either have hired, or are thinking of hiring, a person under 18 years of age.

Please note the following:

State Labor Laws, in part, indicate the following:

No one under the age of 18 may be employed in or assist in:

- Logging occupations and occupations in the operation of any saw mill, lath mill, shingle mill, or cooperage-stock mill.
- As a helper on a motor vehicle.

These prohibitions do not apply to minors younger than 18 who are apprentices individually registered in apprenticeship programs duly registered with the Commissioner of Labor or to student-learners enrolled in recognized cooperative vocational training programs, or to trainees in approved on-the-job training programs.

In addition the following are Federal Prohibited Occupations:

- Motor vehicle driver and outside helper.

Workers' Compensation:

Workers' compensation is payable when a minor is injured in an on-the job accident. If he or she is injured in any way in the course of his or her employment, injuries are covered by workers' compensation. The fund also covers occupational diseases.

If a minor less than 18 years of age is injured while working in violation of the provisions of the Labor Law or of an Industrial Code Rule prohibiting or regulating the employment of minors under 18, his or her compensation is double the regular award. The employer cannot insure himself for the additional payment but must pay it himself.
